Tłįcho Government is committed to attracting and recruiting the best possible candidates for available positions. The principles of fairness, qualifications and Tłįcho citizenship guide the hiring of Tłįcho Government employees.

POSITION TITLE: Regulatory Specialist

DEPARTMENT: Culture and Lands Protection

LOCATION: Yellowknife, NT

STATUS: Full Time, Permanent

CLOSING DATE: November 22, 2019; 5:00 pm

OUTLINE OF POSITION:

Reporting to the Manager, Lands Regulation, the Regulatory Specialist is accountable for conducting technical assessments; making recommendations on land and water use submissions; reviews for mining and other land use developments on Tłįchǫ lands and within Mowhì Gogha Dè Nijtlèè; providing technical advice relating to industrial, mining and other developments; and monitoring and evaluating compliance of land use permits, water license and access agreement conditions. The Regulatory Specialist has significant latitude in conducting technical reviews and making recommendations concerning land, water and resource submissions and reviews.

SKILLS & KNOWLEDGE REQUIRED:

- Post-secondary degree in civil, environmental or mine engineering, environmental science, management or equivalent
- Familiarity with conducting technical reviews of environmental applications, submissions and reviews, particularly for mining and industrial developments
- Familiarity with land and resource management systems and approaches, and the legislative and regulatory regime (Tłıcho laws, MVRMA) applying to Wek'èezhii and Mowhi Gogha Dè Nııtlèè especially the land use permitting and water licensing processes
- Familiarity with mapping systems and the concepts and techniques of land and resource management in northern Canada
- Highly developed analytic and practical reasoning abilities
- Sensitivity to and willingness to be guided by Tłįchǫ geographical and land and resource use concepts and traditions
- Good mathematical and problem-solving abilities
- Very good interpersonal and communication skills and ability to work as a team member
- Very good computer skills and the ability to use electronic data bases and filing systems
- Ability to work with Tłycho community members, particularly elders and harvesters
- Ability to speak the Tłycho language is an asset
